ABOUT ME

I'm a web development student at Aptech, passionate about creating clean and responsive websites. Skilled in HTML, CSS, JavaScript, and Bootstrap, I aim to grow through internships and build lasting projects like TSFlix. I also enjoy content creation and video editing, adding creativity to my work.

PROJECTS

TS Flix

Tariq Elahi & Salman Rashid Co

January 2025- August 2025

TSFlix is a free movie streaming website inspired by Netflix, offering a wide range of films and shows with a clean interface, smooth performance, and unlimited entertainment without subscriptions.

WalkAura

Tariq Elahi & Salman Rashid Co

September 2025- October 2025

Walkaura is an innovative smart-shoe project created for an Aptech competition, designed to track steps, enhance comfort, and provide real-time feedback, blending technology with footwear for a modern walking experience.

EXPERIENCE

Youtuber

Tariq Elahi Owner

January 2025- August 2025

I run the gaming channel @_Mr_Redstone with over 6K subscribers, where I create and edit Minecraft videos, showcasing my creativity and content creation skills.
